

Ranachqua Lodge 4
Order of the Arrow

Where to Go Camping
and Hiking

Of all the different areas in which the Order of the Arrow gives "cheerful service" perhaps none is as important or as central to the essence of the organization as camping promotions. We are, after all, a *camping* honor society!

Variety, they say, is the spice of life. We all have favorite camping, backpacking, and hiking locations but it's important occasionally to venture out and try different places to keep things from getting too routine and maybe even find a new favorite spot. Below is a listing of various facilities in the tri-state region and northeast Pennsylvania that can help reinvigorate your outdoor program. There's also a online version of this document available on the web at:

<http://www.ranachqua4.org/camping.html>.

Remember that you'll need a local tour permit to go to out-of-council camps.

Optimal driving time and distance, where given, are estimates from Mapquest and are measured from Fordham Plaza in the Bronx.
